

The Troubles Of The Modern Church

Acts 20:25-37

*The Apostle Paul became not only one of the first two missionaries of the Blood Bought Bride and Body of Christ, but he also became the number one ambassador. Paul traveled his world starting churches and leading people to Christ. He lived and died for the Christ and the Christians he persecuted while he was a Pharisee. The Blood Bought Church of Christ has come a long, long way from Acts 20. The troubles facing the church of the first century aren't exactly all the same but, hey, the Bible does say "**there's nothing new under the sun.**"*

Acts 20:25-37.
