## Sermon Points

Week 2 - 8.20.23 | Tyler Wilson

Title: Confronting our Complacency

Scripture: Amos 2

Main Point: God will not hesitate to confront His own people's complacency, exposing any prideful rejection of His Word, silencing any shifting of blame, and inviting us to remember His rescuing grace.

### #7 - JUDAH

Charge:

- 1 - Rejected the law of the Lord
- 2 - Have not kept His statutes
- 3 - Their lies have led them astray

Some of the lies Judah was buying into:

- lie of pluralism - worship whoever you want: there's lots of options
- lie of relative truth - this is what's true & works for me / you can do whatever 's true & works for you
- lie of approving prosperity - our blessings are signs of God's endorsement
- lie of false security - we're safe, strong, and invincible from threats
- lie of compromising holiness - how we're living is just fine - no big deal & no harm done

No one can save himself.

**But Jesus can.**

Stop looking around - examine your own heart.

Revival starts not 1st in confronting the unholiness of our culture, but in confronting the unholiness of our own hearts.

CALL TO ACTION:

- #1 - Remember God's grace in humility - Don't forget Him in pride
- #2 - Make God's voice supreme - Don't neglect His Word
- #3 - Treat God's people with love - Don't be hardened towards them

**Spiritual Chain Reaction**

	<u>Downward</u>	<u>Upward</u>
1	pride that forgets God in self-reliance	humility that remembers God's spectacular grace
2	complacency that replaces God with other voices	vibrant relationship that's led by His voice
3	hard-hearted loveless treatment of others	exploding love and compassion for others
