## **CHAPTER 3**

### Reading and Reflection

What is the objection to Christianity described in this chapter?

How do you define freedom? Does freedom mean having the ability to do whatever you want?

What makes Christianity a “community”? What is your part? Is Christianity inclusive or exclusive?

What are some characteristics of an authentic Christian community? (What traits do people in the community share in common?)

How does Christianity fit into culture? What is our role in both resisting and transforming culture?

How does Love both free us and constrain us?

### **HOMEWORK**

- Read Colossians 4:2-6
- What do you think you should be “watchful” for?
- What does it mean to have speech that is “full of grace”?
- Reach out to someone (let’s try to expand beyond our normal/easy people) this week and try to encourage them or just say something thoughtful.
