Bet it caught you by surprise **F Em**  
How fast the young and well could die **F C**  
Bet your mind's twirling how and why **F Em**  
All these trustworthy mouths have lied **F C**

And I bet it was brutal **Am**  
To find out it's you **Em**  
To watch your façade erode **Dm**  
In your own internal coup **F**  
But when you are through, you'll **Am**  
Not easily lose your way **Em**  
When death is no consequence **Dm**  
And I am your only gain **F**

You didn't think you'd have to climb **F Em**  
Out of a grave this side of time **F C**  
Let your failures show you My **F Em**  
Resurrection I graft inside **F C**

And I bet it was brutal **Am**  
To find out it's you **Em**  
To watch your façade erode **Dm**  
In your own internal coup **F**  
But when you are through, you'll **Am**  
Not easily lose your way **Em**  
When death is no consequence **Dm**  
And I am your only gain **F**

So come find Me **C Dm Em**  
Where you broke your nets **Am**  
And wept at My feet **F**  
And let Me in **C Dm Em**  
When you can't make sense **Am**  
Of this tiring sin **F**

I saw this coming all along **C Dm Em F**  
I saw you coming all along **C Dm Em F**  
I saw this coming all along **C Dm Em F**  
I saw you coming all along **C Dm Em F**  
I saw this coming all along **C Dm Em F**  
I saw you coming all along **C Dm Em F C**
