

Grace from beginning to end – Psalm 138

In this psalm of thanksgiving, David is overflowing with joy for God's saving and keeping grace. If you're in need of glorious gospel truth to strengthen your soul, look no further!

For personal reflection/ community discussion:

1. Was there anything in the message that specifically encouraged you that you'd be ok sharing with others?
2. Do you recall when you first began to worship with your whole heart - what had changed for you?
3. If you can remember the specific moment when God answered your call to save you, or another time when he so specifically answered prayer, please share for the encouragement of the group.
4. Do you ever struggle to accept that you're saved purely by faith alone through grace alone in Christ alone - when does that happen and how do you encourage your soul?
5. Perhaps conclude your time together giving thanks to God for his steadfast love!
