

Truth in a World of Lies – Psalm 12

This Sunday Bob took us into Psalm 27 and told us of the God who is our light and our salvation in whom believers can have confidence in crisis, in prayer and in hope for future glory.

For personal reflection/ community discussion:

1. Read Psalm 12 together. What stands out to you?
2. Pete mentioned a few things where the world is developing in some worrying ways at the moment. Do you share some of the feelings he mentioned, like being scared, going into activism or withdrawal, feeling powerless, being unsure what you can trust, etc.? What causes this?
3. Can you find parallels to how David describes his situation in the psalm? How does he deal with these issues?
4. What is God's word like and how does that speak into our fears? How does God's word help us live in this world? Consider the surety and purity of God's word.
5. What has God promised in Christ? Where is this world ultimately heading?
6. Remind each other of the gospel of Christ our king. How does the promise of future glory help you live today?
