NOTE: THE MEANING OF THE SEAL

The Great Seal of the State of Florida is used to represent the government of the state of Florida, and for various official purposes, such as to seal official documents and legislation. It is commonly used on state government buildings, vehicles, and other effects of the state government. It also appears on the state flag of Florida. The University of Florida was granted the right to use the seal to represent the university.

The seal features a shoreline on which a Seminole woman is spreading flowers. Legend says that the woman is the historical heroine Milly Francis, but there is no documentation supporting this.[1] [2] [3] Two Sabal palms (Florida's state tree) are growing. In the background, a steamboat sails before a sun breaks the horizon, with rays of sunlight extending into the sky. The seal is encircled with the words "Great Seal of the State of Florida", and "In God We Trust" (the state motto).
