

Pathway: Membership = Involvement

Acts 2:41-47 & Hebrews 10:24-25

September 7, 2025

What does it mean when I say, *ChangePoint is my home church?*

- Roughly 40million adults have stopped attending church in the last 25 years
- Attending church once/month is now considered “regular” church attendance
- By a majority, many church attenders view tithe as just another “subscription,” choosing to “subscribe” to whichever church gives them the best bang for their buck

Membership = Involvement

The church is not something we can consume; rather, it’s something that consumes us!

Why does *Membership = Involvement*?

A. It’s the *Natural Response*

- Acts 2:41-47

They moved **UP**

They moved **IN**

They moved **OUT**

In our daily garden experience, solitude can often be the snake whispering in our ear

- Hebrews 8:6
- Hebrews 10:24-25

B. It’s the *Logical Conclusion*

Hebrews 10:25 (MSG): Lets see how inventive we can be in encouraging love and helping out, not avoiding worshipping together as some do but spurring each other on . . .

We’re *ALL* better when we’re *ALL* in the room!

Challenge FOR Every Alaskan:
