These classifications identify nations where security risks and ministry limitations require heightened awareness, guiding how we communicate, engage, and support those serving in these regions.

A **representative** (missionary) from any of these countries must be protected in their services by the following practices:

- No digital presence
- No livestreams or recordings of services where they are speaking or present
- No promotional content including their name or country of appointment (Facebook, email, church site, etc.)
- No usage of their names in district booking sites
- No usage of their names in local church calendars (Facebook, Google, etc)
