Dear Officers-elect,

Above is a proposal for the schedule for our 2026 training. I have put 3 of the 5 training sessions on weekday evenings and the final two in a Saturday mini-retreat. I know that it is possible that not all of you can attend every time. I would simply ask that if you miss, you “make up” the session by listening to the audio or watching the video of the session once it is posted on the church website.

I am convinced that officer training should be a combination of *information* and *formation*. That is — you have some basic information you need . . . but you *also need* help in developing the spiritual disciplines which will make your service meaningful and rich. In the above chart you will see **Information** titled in blue and **Formation** pieces listed in green.

I will work hard to make this training of such good quality that it is worth your time to attend. I look forward to learning with you in the coming weeks. — in peace, *Paul*
