**Send Relief** is the result of a collaboration between the International Mission Board and the North American Mission Board to provide an outlet for compassion ministry for Southern Baptists all over the world. One of Send Relief's big projects is Afghan refugee resettlement.

As Afghan refugees are resettled, this crisis will impact communities all around the world, including yours. Through Send Relief and the combined resources of the IMB and NAMB, Southern Baptists are able to serve Afghan refugees wherever they are resettled.
