

Mission Moment - August 1, 2021

Go Day

Please, play the provided video on your Roku device.

SAVE THE DATE: Go Day is coming October 24th. This is a day where we will host booths in our gym that highlight each of our mission partnerships locally, nationally, and internationally. Your kids will get to participate in the mission scavenger hunt to earn a prize, and you will get to try foods and drinks from all over the world. This will be a fun day that you will not want to miss.

As a part of Go Day weekend, we will also be hosting Sender's University. This is a workshop put on by All Nations, a mission sending agency in Kansas City, which will teach us how to be the best senders for our missionaries and church planters. This workshop will be Friday evening 6pm-9pm and Saturday 8:30am-1pm. The cost is \$20 and will cover material and food.

One more thing... On October 23rd we will be showing the movie *The Insanity of God* in the college room at 6pm for free. Come and get some popcorn and drinks and enjoy an incredible movie about the persecuted church throughout the world.

Baby Bottles

We are excited to do the Baby Bottle Fundraiser for First Choice Pregnancy Medical Center. Go by Guest Services and pick up a baby bottle, take it home, fill it with change or cash, and bring it back by August 8.

This fundraiser is going to support a great local ministry serving on the frontlines of the battle to stop abortion. It is a known fact that the vast majority of young ladies who get to view their babies on an ultrasound will choose life over abortion almost every time! First Choice now has a brand new mobile ultrasound unit, too.
