

Series: Resurrection Power

Title: The Gospel

Text: 1 Corinthians 15: 1-11

The resurrection is an historical and living reality that can empower us to live a life

full of meaning and purpose. (Josh McDowell)

“What happened as a result of the Resurrection is unprecedented in human history. In the span of a few hundred years, a small band of seemingly insignificant believers succeeded in turning an entire empire upside down. As has been well said, ‘They faced the tyrant’s brandished steel, the lion’s gory mane, and the fires of a thousand deaths,’ because they were utterly convinced that they, like their Master, would one day rise from the grave in glorified, resurrected bodies.”—Hank Hanegraaff.
