NUMBERS | 04 OT

Numbers is an oft-misunderstood book among Christians, and therefore is often overlooked. Following Leviticus, with a name that implies more rules, it actually contains quite a few great stories, which are packed in records. Numbers begins where Exodus ends, with the journeys of Israel through the wilderness. The reading can be quite engaging if the reader keeps in mind that the Hebrews were extremely accurate record keepers, both of numbers and of events. It is proof that they can be trusted to present an Old Testament that is reliable.
