

LEVITICUS | 03 OT

Leviticus comes from the word "Levi," and is essentially rules to be followed. As all priests were designated to come from the tribe of Levi, it is a most appropriate name. It directs the new nation in right living with explicit examples that govern the Law of Love pronounced in the New Testament. The Levitical Laws are an outline for a strict and much-needed boot camp. People are returning to the Book of Leviticus in modern times, having realized that many rules covered health concerns and still provide the excellent solutions. However, there are no famous stories in the pages.
