

# White Flag (Week 5)

## Clint Craig – 10 June 2018

### Discussion and Questions:

1. Clint told the story of Grant, a guy who prayed for him before he even knew Jesus. Do you know someone who is great at praying for others? Perhaps you have someone that has (or does) pray for you. How does that make you feel?
2. Look up Ephesians 1:17 and you will find the two-word phrase "...so that...". How can including these words in your prayers change the way you ask God for things in the lives of others?
3. Having great motives when we pray for others can cause us to alter our posture. It can humble us both internally and externally. Have you ever prayed on your knees? If not, why not?
4. People often claim not knowing what to pray as a reason not to do it. Using passages of scripture is a way around this. Psalms are useful but there are many places that can be used as the basis of prayers. Read Ephesians 3: 14-19 together, slowly, as if it were a prayer. Listen for the "...so that". How different would your world be if God answered it?
5. Look up Philippians 1:9-11 and 2 Thessalonians 1:11-12. As these prayers are answered, who gets the glory? Discuss what it might look like to have the Lord at work in your life and in those around you "so that" he gets the glory.
6. You know what's coming next. Who is game to pray on their knees? Use one of the above passages or suggest others you know will be a blessing to the group. Don't forget to begin with a time of looking up to declare God's greatness.
