

WINDOW OF FAITH: Playing with Fire? (Week 5) Clint Craig – 3 March 2019

Discussion and Questions:

1. Can you tell of a time when you said something but should have kept your mouth shut?
2. James uses the examples of the bit in a horse's mouth, and a rudder on a ship to explain the power of the tongue. Why do you think the tongue has the power that these illustrations suggest?
3. Why do you think James used the picture of a fire to describe the impact of our words?
4. Do you think it's really impossible to tame the tongue as it suggests in James 3:8? Explain.
5. What is the best advice you've been given when it comes to taming your tongue?
6. James 3:9-12 highlights the double-sided nature of our tongue. Something that separates it from everything else in nature. Why do you think this is the case?
