

Spiritual Pathways

Clint Craig – 28 October 2018

Discussion and Questions:

This week there are only 4 questions. Allow time for number 5. There is an exercise you can do together.

1. Do you have times of feeling closer to God than others? If so, where and when? Why do you think that is?
2. What does the fact that we are all wired differently say about God? How can we use this knowledge to enhance our relationship with both Him and his son, Jesus?
3. Clint laid out 7 pathways by which people relate to God. Who are these for? Look up Romans 8:14-18. How can a person truly know they are one of God's children? Could you explain this to someone who asked about it?
4. It doesn't matter what your pathway is. Every one of them has its roots in what God has done for you. Who benefits when you discover yours?
5. Try and recall the seven pathways. (Relational, intellectual, worship, activist, creation, contemplative and serving.) Below is the link to the pathways material online. Go there now and spend some time looking around. You might learn something new about yourselves and each other.
