

Special Guest Sunday (Week 5)

Tim Marshall

15 April 2018

Discussion and Questions:

1. Swap a good pain story now. What is the worst physical pain you have ever experienced? A root canal; broken bone perhaps?
2. What is the best life lesson you have learned through suffering and/or pain?
3. If it is true that God doesn't cause pain, then how do you explain the cross? Read Isaiah 53:10a before you answer. How does this change your beliefs, if at all?
4. Tim read James 1:2-4 and said however long pain goes on, your purpose will last longer. What did he mean by that?
5. Read 2 Corinthians 1:3-4 together. In there is one reason we experience trials and pain. (Vs 4b) Can you think of other reasons we suffer? (Provide verses if possible)
6. If one of the purposes of pain is so that it can be turned into a passion, or give us a purpose to serve God, what is something you could become involved in to apply that?
