

Through the eyes of a Lion (Week 2)

Levi Lusko

11 June 2017

Discussion and Questions:

1. What does the idea that the things of this world are worthless and will ultimately add up to nothing bring up in you? Why?
2. Look up 2 Cor 4:16-19. Does believing that going through a tough time will not last forever, but what God produces through it will, apply to everybody? On what do you base your answer?
3. Levi made three points to takeaway. First was - Don't rely on the naked eye. Read Romans 10:17. What was one of the best messages you ever heard that impacted you to make changes?
4. Second was to train for the trial you are not yet in. What are some ways to train for a trial? What can you be doing more of - or less of?
5. Third was to let God use your pain. Does anyone have a story of a trial they faced in the past that God turned into a chance for you to grow and glorify Him?
6. If suffering is not an obstacle to you being used by God but an opportunity to be being used by God like never before, share a current trial you may be in now so you can be prayed for and strengthened for the road ahead.
