

# The Good Room

## Michael Jr – 25 April 2021

### Discussion and Questions:

Read the key verses from this message together: Prov 19:21; Isa 46:10

1. Are you a planner, or do you like to make things up as you go?
2. What was your favourite joke as a kid?
3. Have you ever gone through life with an improv state of mind? What was that season of your life like?
4. Have you ever gone through life with a premise —only to later discover God was calling you to something different? How did you find out God wanted something different from you, and what happened next?
5. What do you think about starting with the punchline? Does starting with the end in mind come easy to you, or do you think it's something you need to work on?
6. God works with the end in mind. What do you think are some of the goals God has in mind for you?
7. When Michael Jr. was talking about the identifying the problem, the people, and what you can give, did you feel God calling you to serve in some way? If so, share how with your group.

Finish with praying for each other in your group - for the problems and the people you see and the ways in which you can give.
