

Stand Firm

Clint Craig – 24 March 2019

Discussion and Questions:

1. What are some of the changes you've observed in people since the Christchurch terrorist attack?
2. If the words a generation of people are hearing are: "you come from nothing, you have no purpose and you are going nowhere" what effect will this be having?
3. Read Ephesians 2:10 - what does this teach about the sanctity of human life? What other verses/passages speak to the sanctity of life?
4. If evil exists, there is a logical argument that there must be a creator who added objective morals to humanity. Can anyone explain why this is the case? How can understanding this concept help us add conviction to our faith?
5. We are called to make a difference, not make a point. Why do you think so many people are content to make a point rather than a difference?
6. Clint also talked about being hesitant to issue blanket statements. Drawing on 1 Cor 9:19-21. Do you agree with this? Why/why not?
