

Unashamed

Clint Craig – 4 November 2018

Discussion and Questions:

1. Read the whole passage together. Genesis 2:25- 3:17. Share your observations of it with the group. Is there anything you are seeing in a new light after Christine's message?
2. Christine said "God created us to never know the burden of shame". Unfortunately, because of sin (both ours and other peoples) we all do. What are the attributes of shame that make it so damaging?
3. No doubt Satan designed his question "did God really say....?" to undermine the truth about the character of God. How can we use our trust as an antidote to buying into that thinking?
4. One suggestion Christine made towards living a flourishing life was to live obediently. Obedience is not legalism, if we do it right. How can we ensure that is the case?
5. What do you think Christine meant when she said "salvation is not the issue - fruitfulness is"? Do you agree with her?
6. How would your life look different if you lived with zero shame? What would change?
7. Think about a practical next step you could take to combat shame in your life and share it with the group in order that you may all pray accordingly for each other.
