Prayer

Father, thank you for the lessons we learn in the Danger Zone. In every circumstance, help me to look to you. Open my eyes to see your hand at work in my life. I trust you with the plan, the process, and the outcome. Lord, forgive the times I have focused on what I see in the natural. Help me to see every situation with eyes of faith and encourage others to see you at work as well.

In Jesus' Name, Amen
