## Reflection Questions

1. Revelation 5:9 presents a redeemed people from every tribe, language, and nation.  
*How does participation in a Small Group shape you into the kind of disciple who belongs to—and contributes to—that redeemed people?*
  2. Acts 2:42–47 shows that life change happened in close, committed community.  
*Where have you experienced real spiritual growth through face-to-face relationships rather than large gatherings alone?*
  3. Small Groups move discipleship from information to transformation—heart to heart.  
*What spiritual practices or character traits is God currently forming in you through others?*
  4. Evangelism happens person to person, often through trusted relationships.  
*Who in your relational world might God be inviting you to reach through authentic community rather than a program or event?*
  5. God multiplies small offerings surrendered in faith (John 6:10–11).  
*What is your next “small yes” that could echo into eternity?*
