

Pray First, Day 6 - Wisdom

James 1:5 NKJV

If any of you lacks wisdom, let him ask of God, who gives to all liberally and without reproach, and it will be given to him.

Biblical wisdom can be defined as the ability to live skillfully. The wisdom of God enables us to view life and solve problems differently. He gives us a grace to see what others miss and creative solutions to the challenges around us.

We need wisdom for the new year. Not the wisdom of man which is limited but the wisdom of God which sees things from God's perspective. What challenges are you faced with? Where could you use the wisdom of God in your life?

Let's ask God for His wisdom. He gives freely to all who ask. He does so without making us feel bad. Let's ask and it will be given freely to us!

Prayer example:

"Father today we come before You to ask for wisdom. We do not want the worldly, fleshly kind of wisdom that dominates culture around us. We want wisdom from God--Your wisdom--which is heavenly and transcendent. Please help us to have Your perspective in life. Please enable us to live skillfully and solve problems creatively for our good and Your glory. Amen."
