God is the great author of life. In His sovereignty, He has written a very specific part for all of us to play. Our roles will be different, but every single one is important in the unfolding drama of life. You are wonderfully made by God to fulfill your part (Ps. 139:14-16).

As a follower of Jesus, Simon Peter had a unique part that God had called him to play. He may have never seen himself as a rock, but like a rock he became as he followed God’s divine plan for his life.

In our text, Simon Peter exercised great leadership in the early church and lived out the part that God had wrote for him as a fisher of men.
