In Texas, the saying goes, “If you don’t like the weather in Texas, just stick around a few minutes and it’ll change.” What is said about the weather in Texas, can be said about life. Life is always changing on us.

We live in a beautiful world but one that is broken. Since the fall of man, the world is not as it should be. Good things don’t always come to good people. As King Solomon explores the secrets to life “under the sun,” his search keeps leading him back to God (Dan. 2:20-21).

In our text, King Solomon pondered the many different seasons of life and concluded that God makes all things beautiful in its time.
