March 3, 2024

Throughout the past two months we have studied the life of Jesus from Matthew's and Mark's Gospels. Next week Pastor Bill will begin a sermon series in Luke's Gospel focusing on the "Real" transformation Jesus produced in people's lives.

Today we are focusing on the authentic hope that Jesus gives us. Jesus spoke convicting words as He taught in the temple and surprising words as He and the disciples were leaving. Through these teachings, God shines a spotlight on the insufficiency of placing our trust in anything other than Jesus.

This story highlights a key teaching throughout scripture.
