Belief in the resurrection of the dead has been debated for centuries. There are many who think that when you die you just simply die and cease to exist. They think your dead body merely returns to dust.

However, did you know the Bible teaches that there are really two resurrections? There is the resurrection of the believer to eternal life and the unbeliever to face eternal judgement (Acts 26:8; Rev. 20:6a).

In our text, Paul taught the Corinthian believers some wonderful truths about the resurrection of the body.
