Are we living in the last days? Is the return of Christ drawing near? What are the signs of His coming? The Bible says that no one can know the day and hour of Jesus' return, but we can know when it is near.

The Olivet Discourse is Jesus' longest and most detailed discussion of the end times. Mt. Olive is also the place of His ascension and return.

In our text, Jesus answered the disciples' questions about the signs of His second coming and the end of the age (Jer. 30:7).
