It's not uncommon for people who have the most going for them to be highly valued and greatly loved. We make television shows about the rich and famous, not about the poor and anonymous.

However, the real Jesus had a real affinity for those who had the least. He distinguished Himself as one who cares deeply for the poor and needy (Mt. 11:3-5).

In our text, Jesus told a powerful story about the final judgement and the importance of loving people who have the least.
