We are at war! Satan has declared war against all followers of Christ, and every day we find ourselves in an intense struggle between the forces of good versus evil, and light versus darkness.

The good news is that God has provided all we need to win. Victory is ours for the taking. However, many believers find themselves feeling weak and weary, while they continually lose ground to the enemy.

In our text, Paul instructed believers to put on the whole armor of God that they may be able to stand against the schemes of the devil.
