

The PRAYER
of JESUS
JOHN 17

Our most intimate
and personal
fellowship with God
is through
the avenue of prayer.

PERSPECTIVE

Prayers may have different subjects, but they should have 2 things in common, adoration of the Father and submission to His will.

PRESERVATION

The greatest dangers that we face are those that tend to separate us from our fellowship with the Father and with one another.

PLEASURE

For the Christian,
our greatest joy is
when God's will
is fulfilled and
He is glorified.

PURIFYING

God doesn't just want
us to be WITH Him
in heaven,
He wants us to be
LIKE Him while
on earth.

PARTNERING

One of the greatest evidences of the work of the gospel is a church that has such beautiful unity despite such glaring diversity.
