

OUR
SHEPHERDING
FATHER
PSALM 23

We do not find
our satisfaction in
WHAT God gives to us,
but in **WHO** He is.

PRESENCE

V.2...he makes me lie down

A photograph of a man in a white t-shirt carrying a young child on his shoulders. The child is wearing a grey t-shirt and khaki shorts. They are both looking towards the right side of the frame against a bright, white background. The text is overlaid on the right side of the image.

God's presence is far
greater than all
our fears, inadequacies
and aggravations.

PATTERN

V.2-3...he leads me

A photograph of a man in a white t-shirt carrying a young child on his shoulders. The child is wearing a grey t-shirt and light-colored shorts. They are both looking towards the right side of the frame against a bright, white background.

No matter where
we go in life,
God is already there
making preparations.

PROTECTION

V.4... You are with me

Our Shepherd is
striving to protect us
from dangers without
and within.

PROVISION

V.5... You prepare a table

Whether it is physical
or spiritual, God knows
exactly what we need
and how to get it to us.

PERPETUAL

V.6...I will dwell

We will never be free of
our need of desperate
dependence upon God.
