

STAYING *Connected* 101

Greetings! TRC has always been committed to helping you strengthen your relationship with God, while strengthening your relationship with others in the community. While we respect and honor local, state, and federal distancing guidelines, we want to add fuel and encourage your time with the Lord with some resources that can help guide our reach for God together as a faith family. Below you will find resources that we are currently placing our focus on, as well as some additional helps at the bottom. Enjoy, and stay connected!
