2.17.19 | Today

We often think of water as a necessary resource, since we literally need it to live. But water has a dark side. Too much can hurt or even kill a person. Drink too much water and your body will revolt. Find yourself surrounded by water with no way out, and you'll drown. Pastor Jon discusses a miraculous moment when God used water to save and protect His people. What can we learn about those moments in life where we feel under siege with nowhere to go?

MISSION

To connect people to the extraordinary
life found in Jesus - one person, one
family, one community at a time

WE CELEBRATE THE LORD'S SUPPER TODAY

We believe communion is a special gift and preparation for this Holy Meal is critical:

1. Do I admit that I am a sinful person in need of God's love and forgiveness?
2. Do I trust that Jesus is God's Son and my Savior?
3. Do I believe Jesus' promise - that with the bread and wine He declares, "This is My Body, given for you...This is My Blood, shed for you"?
4. Do I desire, by the Holy Spirit's power, to live in a closer relationship with Jesus Christ?

At Faith, students are prepared for communion through different pathways. Please refrain from having your child commune if he/she has not attended this instruction.
