

CPR Notes  
Healthy Church  
Session #3 Love (Worship, Fellowship, Service)

When we read Acts 2, we see a viviv example of a healthy church community. They loved each other well. Their love for God instilled a love for each other and this love bred fellowship, service and worship.

A few questions to consider:

Is it fellowship any time Christians gather in a social setting—a book club, the gym, or the ballpark? Do we call an activity fellowship because it happens in the churches “Fellowship (Dining) Hall”?

According to Scripture, there are three types of fellowship:

Shared Life from \_\_\_\_\_. 1 Corinthians 1:9

Shared Life with \_\_\_\_\_ Hebrews 13:6, 1 John 3:17

Shared Living for the Same \_\_\_\_\_. Acts 2:42, 44

Fellowship isn't joining a \_\_\_\_\_ and then coming when it's \_\_\_\_\_.

Fellowship isn't displayed by gatherings that are centered around worldly \_\_\_\_\_.

The fellowship of the early church consisted of unity in \_\_\_\_\_, \_\_\_\_\_ and \_\_\_\_\_. They joined together in the essentials of their core identity and purpose. CPR groups, D-groups and our weekly gatherings are good examples of our desire to be a healthy church.

Service. Galatians 6:10

Service is often viewed as, “How can the church serve me?” This type of thinking could be called consumer Christianity. Sometimes, a person chooses a church is because the church meets a need. Not bad but consider the following reasons people give for selecting a church...

1. “I go to \_\_\_\_\_ because I like their worship \_\_\_\_\_.”
2. “I go to \_\_\_\_\_ because the pastor makes me feel good about myself.”
3. “I go to \_\_\_\_\_ church because....what reasons have you given or heard from others?”

If our reason to go to a church is simply because it provides us with a service...In reality, we should attend a church because it's the place God has called us to serve Him.

So how do you as a CPR service to the body? How do you individually serve the body?

What about your CPR Group? How is your fellowship?
