Pray for Alliance Missions and International Workers Worldwide

United States:

Central Pacific and South Pacific Districts

Since late December, thousands of California residents were told to leave their homes as heavy rain caused flooding in parts of California. The relentless storms have killed at least 19 people. Pray for Alliance churches in the Central Pacific and South Pacific Districts. At this writing, it is not known how many, if any, Alliance churches have been affected. Pray for opportunities to share the gospel and the love of Jesus with those who have suffered loss because of these storms.
