UPSIDE DOWN KINGDOM

"Kingdom & Culture"

The Breakfast Special

Read through Acts 13 & 14 and try to notice the differences between how Paul interacts with those who have previous experience with the living God and those who don't have any of those experiences.

The Lunch Special

Take time this week to reflect on how God has been good to both you and others around you this week. What are some of the blessings that you have received and others that you have come in contact with on a regular basis have also received from God, even if they don't even know God.

The Dinner Special

While you are engaging with some sort of media this week, whether it be a TV show, a movie, a song, or even a book, take time to dig into and think through what the worldview is behind the media you are consuming? What are the unspoken messages that are being communicated through that piece of media?
