A SUMMER IN GALATIANS

Section 3:

THE LIBERATING GOSPEL OF GRACE

A *Radical*
GRACE *Series*

The background is a composite image with a rainbow gradient overlay. It depicts a tropical beach scene. In the foreground, there are concrete steps leading up to a paved area. In the middle ground, several people are visible, some sitting on a bench and others standing. In the background, there are several multi-story buildings, some with balconies, and numerous tall palm trees. The overall atmosphere is bright and sunny.

Part 11: Free to Restore Others

The background is a composite image with a rainbow color gradient. It depicts a beach scene with palm trees, buildings, and people. The colors transition from blue and green on the left to yellow and orange in the center, and finally to red and purple on the right. The scene is slightly faded and serves as a backdrop for the text.

Free to Restore Any Person

Galatians 6:1-5

¹ Brothers, if anyone is caught in any transgression, you who are spiritual should restore him in a spirit of gentleness. Keep watch on yourself, lest you too be tempted. ² Bear one another's burdens, and so fulfill the law of Christ. ³ For if anyone thinks he is something, when he is nothing, he deceives himself.

Galatians 6:1-5

⁴ But let each one test his own work, and then his reason to boast will be in himself alone and not in his neighbor. ⁵ For each will have to bear his own load.

Transgression

Crossing over a boundary set by God

Restore:

1. *bring back (a previous right, practice, or situation); reinstate*
 - ▶ *return to a former condition or position*
2. *repair or renovate*
3. *give (something stolen or removed) back to the original owner*

6 Ways to Keep A Grace-filled Heart:

- 1. Beware of putting grades on sin.*
- 2. Keep restoration the goal: relationships, & calling.*
- 3. Make loving your neighbor as yourself the lens.*
- 4. Use grace to shield your heart from the fallout.*
- 5. Remember how frail you are and how many transgressions you've had.*
- 6. Walk by the Spirit not by pressure.*
