

who's your **1**ONE?

Welcome one person: WEEK 2

1. Who's your one? Share who God has laid on your heart.
2. **When you welcome someone into your life, you can impact them forever. Whose ONE were you?** In other words, who is the person in your life who invested in you? How did someone impact your life forever?
3. **Read Matthew 4:18-22**, Jesus welcomed real people into his life and they followed him. God's commandment to love our neighbors means welcoming people into our lives like he does. What keeps you from welcoming people into your life?
4. Read **Luke 10:1-6** welcoming involves extending peace toward others. Dave talked about how peace works between two people and how the Holy Spirit is the source of peace that draws people to Jesus through us. As you think about your ONE, how can you extend God's peace to them this week?
5. Don't forget to pray for your one this week, take some time to name each group member's one and pray for them by name.

Final Thought

When you welcome someone into your life you can impact them forever.
