

WEEK FIVE  
**KEEP GOING**

**OPEN**

In which circumstance are you more willing to trust God? In what times are you more reluctant to trust Him?

**DISCUSS**

At the beginning of the video, Dr. Evans cautioned against putting God in a box. What does that look like? How have you most often tried to box God in?

If God is the God of details, why do we have so many problems trusting Him with the details of our lives?

Is yielding to God's providence an excuse to do nothing? Why or why not?

Dr. Evans mentioned that Christians should keep going in hard times because providence can sneak up on us. Why should the doctrine of God's providence fill Christians with hope and confidence?

Why is it critical to wait on God's timing of events when pursuing His purposes for you?

Trusting in God's sovereignty doesn't mean we don't have risk. Oftentimes it means the opposite. What risk might God be asking you to take for the sake of His kingdom?

How can we stay in sync with the Holy Spirit so that we can respond to His leading even when it is hard or risky?

It's important to be encouraged by the faith stories of others. Share a time when God has shown up exactly when you needed Him.

**APPLY**

For what details in your life do you need to trust God right now?

Are you facing a situation you need God to turn around? Pause now and take time to pray and ask God to intervene. Ask Him to give you wisdom and patience to wait not intervene yourself.
