

# SLAYING GIANTS

## COMPARISON VS CONTINEMENT

### INTRODUCTION

Ever felt like someone else was living the life you were meant to have? That's what comparison does. It convinces us that God plus something else — a spouse, a child, a house, a promotion — will be enough. Don't let comparison stop you from enjoying the life God has for you.

### DISCUSSION QUESTIONS

1. **ICEBREAKER:** How much influence would you say advertising has on you? (commercials, social media ads, etc.)
2. Comparison is much easier to see than greed and bitterness. Do you think we view it as being just as dangerous or do we view it as “just part of life”?
3. In the message, Dave talked about the very first lie, and how Satan is still using it today – “*God is not enough for me.*” Where has Satan whispered this lie into your life?
4. Which seems to be the most difficult: **see**ing the giant of comparison, **slay**ing the giant of comparison or finding a way to stay satisfied in Christ?
5. What do you need to do this week to better “run your race” and keep your “eyes fixed on Jesus?”
