

# THE **Life-Giving** CHURCH

## The Church That Connects

A life-giving church isn't big or small; it's both. Following Jesus is complicated. We all need help figuring it out and sticking with it.

1. Would rather be a small fish in a big pond or a big fish in a small pond?
2. Do you tend to think of church as a place or a people? How do you think that influences the way you view God?
3. What are some reasons it is so difficult to step out of Sunday morning rows at church and move into circles with others? What motivated you to move you into a circle?
4. How have your relationships with other believers produced growth in your relationship with God?
5. Who do you know that would benefit from being in a circle/group? What can you do to help them? How can this group help you?
