

## **Show Me Your Glory**

1. Describe a time that it was very evident that God has been with you in recent years.
2. How do you react to this statement? ***“What makes a church distinct—powerful—is God’s presence in that church, God Himself working and manifesting Himself in spite of the weaknesses and limitations of the people involved.”***
3. How do you define the word glory?
4. How is God’s glory connected with His transcendence? What’s the difference between those two terms?
5. When have you attempted, knowingly or unknowingly, to steal the glory that belongs only to God?
6. What are some of the things about our church that must be reconsidered in the light of the priority of God’s glory?
