

Unafraid Witness

Clear, direct witness to others about my relationship with Jesus Christ brings the glory down.

- 1. What emotions do you experience when you hear the word evangelism? Why?**
- 2. Describe your most positive experience with evangelism in recent years. What happened, and why is it important to you? (I'd love for each group member to email me their story)**
- 3. What's your reaction to the idea that some people are ripe to the gospel, while others aren't? Why?**
- 4. What's your reaction to this statement? "If you're not willing to be the fragrance of death to those who are perishing, you can never be the fragrance of life to those who are being saved."**
- 5. What does it mean to be a bold witness for the gospel of Jesus? What does it look like in practical terms for Christians to demonstrate boldness in their everyday lives?**
