

Good evening, Saints,

It has come to our attention that some emails were circulated stating they were from our pastor and read as follows.

“Do you have a moment? I have a personal, time-sensitive request that I really need your help with, to be handled discreetly and directly. I am currently busy in a dedicated season of prayer and Scripture and am not available for in-person interactions or calls. Please reply here and I will respond, so stay close to your email for my response once you’ve replied.”

This did not come from his email. If you see an email that seems strange or out of character, always check the email it was sent from. In this case it was sent from pastormail3241@gmail.com. All our leadership emails are from a @gcfbrazosport.org email address.

With the above in mind, if you get any strange emails from any of the elders or leadership, please check the email it comes from and do not reply. We will never ask to meet or email us back or ask for money in this fashion.

Enjoy the rest of your week!

Blessings,

GCF Brazosport Leadership
