

SERMON SERIES: FLIP THE SCRIPT

SPEAKER: SCOTT BECKENHAUER

DATE: March 28, 2021

Key Line

“It is finished.”

Introduction

Last week we read Luke 23 to acknowledge how Jesus responded in ways that show us a better way to live. This week we finished up the sermon series Flip the Script by looking at John to find hope in the fact that Jesus accomplished it all so that our debt could be paid.

- What is your favorite (or most memorized) business catch-phrase?
(Ex. “I’m lovin’ it!” = McDonald’s)

Seek the Word

Read John 13:1

- That last sentence of that verse says that Jesus loved them to the end, what is the significance of this statement during this time of Jesus’ life?

Read John 19:28-29

- The imagery of the sponge with vinegar wine that was lifted to Jesus on the cross is impactful by itself let alone the pain Jesus suffered on his way to the cross, what does this say about Jesus as you walk through the crucifixion story?

Look at John 19:30 & Hebrew 9:26

- What was the meaning of the last words that Jesus said on the cross?
- What was the cultural parallel to Jesus dying on the cross and why is it important to the people then to the people now?

Talk About It

- What do you think it would look like to be among the crowd that day of Jesus’ crucifixion?
- What could it look like to recognize that for those during that time to not have to crucify the perfect lamb because of the debt being paid in full by Jesus?
- Do you ever wonder if your debt is paid in full?
 - How does the crucifixion answer to the questioning or doubt that we might have?
- How might your life change if you never doubted the fact of your salvation through Jesus?
- What are your next steps in your journey of faith in Jesus? (Baptism? Talking to a Pastor? Serving?)

Wrap Up

Reminder: It is time for a comeback, to move forward in the life that Jesus has given us!

Challenge: Invite someone to the impactful events at Calvary over this Easter weekend to provide them with an opportunity to experience who Jesus is and what he did for all people!
