

Today is another day.

Today is the day that the Lord has made.

So today I want to encourage you.

The message for today can be found in the book of the gospel of John, Chapter 10.

Gospel of John chapter 10. The anchor verse is found in verse nine.

And the Bible reading is verses one to 10. Because I'll be using some scriptures, in order to save time, by touching each of the verses, as I move on, and the anchor verses, verse nine, which says, I am the door

by me, If any man enter in, he shall be saved. I shall go in and out and find pasture. In that passage, Jesus claimed to be the doorway to the presence of God but the Pharisees of Jesus days,

because they've been battling, having issues with him. In the chapter, a previous chapter nine, he healed a man that was born blind. And there was a lot of row and crisis advice they did they refuse to accept

that he has a power to heal,

to give sight to somebody who has never had eyes before.

So Jesus claimed to be the doorway to the presence of God. Jesus is claiming to the Pharisees that he was the doorway.

He is the doorway, but the Pharisees claim that the temple traditions and rituals that they do

was the doorway into the presence of God. So you see, there is a clash between

Jesus and the Pharisees. Today we are going to attribute that doorway to the almighty Father. Christ came saying, I am the door.

He has the authority to determine who we enter who is a member,

we enter through the door

and the ministers who we minister, people and encourage people to go through the door.

Christ is the doorway

into abundant life, yes, the tapping, the heading of my message is actually the doorway to abundant life. When you talk of abundant, life is a fulfilled life. a life that is complete.

And I pray there shall be a portion you will experience abundant life, in all your endeavours in Jesus name, abundant, life, for Jesus means quality and not quantity,

quality life, a life that people will see I say yes, definitely. This is a child of God.

He says they have divided my message in so just four parts. For quick reference, Christ says is the door out

of our trials, our problems is the door through whatever we are passing through, is the door in, into into into life through eternity, and is the door up. So Christ is the door out of every captivity.

There is captivity, tribulation, problems in people's life. Christ is the door out

In Luke 4 verse 18. Jesus said there when he started his ministry,

this was his

statement of work. He said, The Spirit of the Lord is upon me, because he has anointed me to preach the gospel to the poor. He has sent me to heal the brokenhearted, to proclaim liberty to the captives, until the clear recovery of sight to the blind, to set at liberty, those that are oppressed. So Christ is the door out of the slavery of sin.

He came to bring us out of the slavery of sin, because we are already in bondage.

But that is the purpose. That is his mission. He came to bring us

out of crisis that we found ourselves in, he came to bring us is the door, the door out of condemnation, because we were already condemned because of saying, John 3:17 says, For God did not send His Son into the world to condemn the world. But the world through him might be saved. Because man has been condemned already. Where he came to save us, he came to liberate us. And this is what the Pharisees did not know.

He came to bring us into Christ's presence. He came to save or bring us out of failure. We all hate failing. We all hate failure.

We want success in whatever we are doing. That is exactly what Christ came for, to bring us out of failure. He wants us to succeed in our endeavours. Well, you can only do this if you have relationship with him.

Mark 8:36 says

the greatest failure that anybody can experience is spiritual failure. Other failure is okay. It's can be managed by spiritual failure, will disturb you from having a close relationship with God. Mark 8 : 36 say for what shall it profits a man if he shall gain your world and lose his own soul.

So that means

the failure that is most dangerous is our spiritual failure. And that is why Jesus is more concerned about our spiritual condition.

crisis is the door out of destruction, self rejection, self pity, saved demotion.

And that is the strategy of Satan. Satan wants you to be depressed. Satan wants you to pity yourself and say, Why?

Why am I suffering when other are enjoying? Satan wants you to condemn yourself. Satan wants you to believe that God does not love you.

That is those are, those are his tricks. But I'm here today to tell you that Jesus loves you. That is the purpose for which he came. But Jesus said, The Satan's portion is to kill, to steal and to destroy. But this has come to give you fulfilled life. And I pray the Lord, we allow you to walk in fulfilment of Christ in Jesus name, Christ is the door out of your problems. That is the purpose why he came. So

he wants you to accept Him into your life, so that he can take care of your problem, then Christ is the door through

crisis, the door out of your crisis of problems that is in your life. Is it easy way to take you away to snatch you from the hand of the accusers.

And it's also the door to this through your life, whatever challenges we are facing.

Christ is the way that we carry you through uncertainties, because the life we are living in is full of crisis and uncertainties. But Christ is the one that will take you through his way through every outcome of every condition that is not favourable to you.

Christ is the WAY through those difficulties, those problems that confront us every day, those challenges that we face every day, sickness, fear of losing job.

fear of not having enough resources, is one that can see you through all those challenges. That's why Isaiah, Isaiah 43, verse two says, He says they are through in that Isaiah verse to use through about three times he said, when you pass through the waters, that means you we pass through it, but Christ is the one that we see you through is the one that navigates you where you are going through. He said when you pass through the waters, I will be with you.

And through the rivers, they shall not overwhelm you. When you walk through the fire, he shall not be bonds, nor shall the flame squatch you. So that means Christ is the door through all your challenges. Christ is there to see you through

Whenever you pass through the waters. He says he'll be there, he will see you through our Christ also.

That brings me to the third point which says, Christ is in the, in the way. Christ is the door that we see you in, into, into life eternity. Christ is the door that we allow you to enjoy what Christ has brought into the world. And Christ is the only way.

There are so many ways that the same

religion we tell you that how can you tell them that Christ is the only way? That is? What's the arguments that the other religions always ask? Or do they the point of contention between believers when you tell them that Christ is the only way they will tell you no, or is it possible, you're

not the only way there are other ways to it. But the Bible is making me I you understand that Christ is the only way. He says in that a verse nine of that same passage that we are really John 10 verse nine, If any man enters in, he shall be saved, I shall go in and out.

So that means that he is the only way that takes you in no other way can take you in other religions, they will tell you if you can do good works.

If you if you if you perform well, you can be a good person, if your character matches, then you can you can walk through. But that's not the case with Christ, Christ is the only way is a door that takes you in. It takes you in from all the challenges of the world.

If anyone enters in, he shall be saved. Christ is the door

into for the unsaved people. There is no other way. And I pray the Lord, we open our eyes and give us the revelation to know this very well.

He's the way to divine sonship. Without him, you cannot claim.

And that is why Galatians 3:26 says, for you are all sons of God, through faith in Christ Jesus. So is the one that we allow you to be enlisted as the true child of God. Christ is the door into a true significance. When that door is opened on to you, then God reveals to you whom you are

what you are made up of. Those gifts that he has deposited in you will be revealed to you. You're worthy, you are worthy, are important. Our significance you are we come into manifestation. And through the way you will feel you with the Holy Spirit so that you can have a closer relationship with him. So Christ is the door into your relationship with God. Christ is the door to your salvation. Christ is the door that we allow you to be able to enjoy that power of God that only comes to those that serve Him. Christ is the door into perfect security in your life, where you allow him into your life. There is security, there is peace. Because like I said, if you read the verse after he says the thief comes to kill, to steal, and to destroy, but to have come to give you perfect life is only when you allow yourself to be associated with him. It's only when you allow him to come into his he allow him to come into your life. It is only then that you can be fulfilled.

That your life can have a meaning. It is only then that you can become what God wants you to be.

Christ is the doorway into perfect security in your life. Crisis, the door

to salvation for the unsaved Christ is the door to enter and I pray the Lord we show you the way.

And the fourth reason is Christ is door up

up to heaven. Without me your life. The life has no meaning. And what is the point of gaining the old world and losing your soul?

JOHN 14 six says I am the way the truth and life no one comes to the Father except me - He's a way to heaven. No other way takes you there.

all other way, is just by the side is like, are you wanting to get into your house, or you're looking out of your window, you saw somebody jumping in through your neighbor's window, you'll be alarmed. You'll scream, what's happening. Either this This must be a burglar. That is exactly what happens. There is no way you can get to heaven. There is no way you can have eternal life, except you go through the door. And Christ is the door, the door to eternity, the door through

and the door into eternal life. The door out of your crisis out of your problems, out of the difficulties you are going through? It is the data we see you through.

If you are a box, if you are backslidden, you are not walking close to God. It is that same door that we allow you to come back to retrace your steps. And I pray the Lord we help you to walk through that door. Just like I say, 14 :6, I am the way the truth I live. Christ is the door to heaven. There is no other way. Any other way of entry is illegal is like somebody going through the window. Instead of going through the main door. I pray Christ is the door out of your captivity, whatever in whatever way you are being captured. Whatever way the enemy is tormenting or troubling Your life is a way out of every captivity. And I pray we have ever been held captive. The law we release you and set you free today

is the one that we bring you out of slavery. If you don't know Christ, you are in slavery already. You are beginning because the devil the one that controls you is the one that you see you are a slave to if you don't know Christ, that means you as a slave to the kingdom of darkness. And I pray the Lord we

bring you out of the kingdom of darkness Christ is the door, through all difficulties before you. There are trials in our life. Every one goes through one trial or the other. That's why I was able to read for you Isaiah 43 verse two which says when you pass through water, it did not say if you pass through waters, he said when you pass through waters, that means that we all go through one trial or the other. And when you go through the trials, when you go through, He will be there to support you. And you will not allow you to be consumed or destroyed by what is happening around you. I pray the Lord Almighty we thought your life and begin to do it he wonders your life, it is the only thorough way to heaven.

There is no other way. Any other way is illegal.

Like I said, if somebody is going through the window is doing the negative thing that is a thief. And that is why the Bible says it comes to kill, to steal and to destroy. So don't allow anybody to cause you to move away from the process of God. The question this morning is that?

Do you know Jesus as a door? Do you know Jesus as the way? Do you know him as a door? is a question that we all have to be asking each other? You may know him in this surface, but do you truly know him?

Jesus is the only way to heaven. Other religions will tell you you can do this you can be good. Yes, you have to be good. Yes. The closer you are to him, if you allow him into your life, the Holy Spirit will be educating you training you to do the right thing.

We even go and saved even though you are saved, we are still the Adamic nature is still in us. The flesh is always fighting against the Spirit of God in our life every day. But God wants you to sacrifice yourself to surrender yourself completely onto him. And as you surrender yourself on a daily basis, there shall be improvements, your life will start to change, you will start to behave the way that you are supposed to behave.

Jesus is the only way.

But that is a life journey of a daily thing. You have to be consistently sacrificing yourself like Romans 12 tells us that every day you must crucify the flesh. If you don't crucify the flesh, it will be controlling you. Because the flesh is because everything around you is being controlled by the flesh. What you see with your eyes can tempt you to be doing the wrong thing. But when you surrender yourself every day to the Almighty Father, He will be the one through the help of the Holy Spirit. Helping you you daily yield yourself to Christ. He allows you to overcome all those bad habits. That is in your life that is created in you,

those bad habits that we are emulate you see people practising everyday Christ is the door, out of those bad habits, allow him to bring you you cannot bring yourself out of those bad habits. You cannot, there is no way the flesh will not allow you, because the flesh is very strong, you are the flesh. But why do you allow him to operate in your life, those bad habits they will be coming out bit by bit, bit by bit, or you look at yourself, you may not even know you have changed people around you, we say yeah, but I used to do this, you find it difficult to do. That is what Christ does for us. So therefore surrender yourself to Him today.

God told Moses, when the children of Israel we're having problem, God told Moses to tell Pharaoh, let my people go.

He told Moses to tell Pharaoh Let my people go They must go to serve me.

But say most, Pharaoh was stubborn after a while ? After we all we all read the book off, we did exodus. And we saw what happened. After many attacks. He allows them to go. But after they go to a particular level, he started pursuing them again. That is exactly what flesh does to me or you. He will allow you to go for a while you are close to God, you are doing the will of God you are acting the way God wants you to be. But after a while, he will pursue you again. So you have to be continuously watching and watching are seeking his face every day surrendering every day to him. But what happened when they got to the red sea, when they cried on to the Lord again, the door opened. They did they experienced that door again that door open and I pray the Lord, will open the door to your miracle as your daily surrender to Him, the door of your breakthrough the door of coming into Christ will be opened on to you The door, of passing through your challenges. We come on to you all those trials and challenges that you are going through. You are going through those trials and challenges because God allows it, he allows those challenges and trials so that you can grow you can mature.

even when we have children and they misbehave. And they are naughty. Do you throw them away? You don't you turn them off. You are very upset. You scold them. What do you do again? you embrace them. That is exactly what Christ wants from you. He wants you to daily come back to him. Yeah, they say I think he said proverb, Proverbs.

One of the proverb, passages said that say, if a man falls seven times, he gets up again. So that means that if you fall out of sin, God wants you to get up again.

You don't want to sit down because you are falling. Because your child has misbehaved. You don't say, Well, this is no more My child is still your child. So wherever you are falling, God is telling you to get up again now. He wants you to come back to him. He wants you to be a relevant child of his.

As long as you don't stay down. God is still interested in your case. God is still interested in making use of you as his vessel.

Are you going to get up from your fall? Do you want to stay down? No. And Isaiah one 18 says, Come now, and let us reason together. saith the LORD, though your sins are like scarlet, they shall be white as snow, dada red like crimson, they shall be as clean as wool. That means that God is telling me that no matter how bad or how sinful, or how much we have, backslidden is telling me you that he wants you back. He wants you to be restored. He wants to have relationship with you. He wants you to come in through the door.

He wants you to he wants to drive out those things that is causing you to fall all the time. He wants you to be he wants to be with you. As you are passing through all your challenges. Are you ready today to surrender all to him? The children of God when they got to the red sea Jesus came at God came through. What are those Pharaoh coming back again, he

Your life, those things, those habits, that is coming back that is not allowing Christ, to remain in you, that is not allowing Christ to stay in you. That is not allowing Christ to be the door of your life.

That is not allowing Christ to have his way in your life. Those are the pharaohs. Are they coming back? God is saying stay close to me.

I say stay close to him. They We have no choice but to go. Because he's the way out of those problem

is a way into the breakthrough that you're looking for. Him who the Son has set free is free indeed, you are free. The devil must not have control over you. Jesus is the way in just like I've told you. This is the way out of your limitations. And Jesus is the way back. If you are backsliding, if for any reason those that are listening to us, maybe you are getting close to Christ before and for one reason or the other. You are backsliding.

Jesus is the way back.

He is the door, that we allow you to enjoy the benefits and the blessing that is attached. JOHN 10 28 says and I give them eternal life. And I said they shall not perish. Neither Shall anyone snatch them away from me. That is how precious we are to God. He says nobody can snatch you away from him. So you can decide today to surrender your life to him. I say Lord, I want to come back. I have been doing it my way

that Pharaoh that is coming back into my life. That Pharaoh that was to put me in bondage again. Because what was Pharaoh doing? He was putting the children of God in bondage. He did not want them to go those powers that is holding you down that does not want you to serve God that is not wanting you to do the will of God. That is not allowing you to be faithful in the service of God is telling you today to surrender. all, and say Lord, I totally surrender on to you. I want to come back

that I don't want that Pharaoh that I saw yesterday. I don't want to see it anymore. It's must disappear. Opened the door of my red sea. Let me crossover. Let me draw closer to you. Use me Lord. In the way backsliding further. I want to come back.

Lord, I have misbehave I am your child. I have messed up, Lord, have me back. I have failed. But Jesus is calling you back. I want to be I want to be restored on to you. I want you to talk to the Lord now. I say Lord, have me back.

I need to restoration I need to come back to the basics. I have gone astray Lord, those Pharaoh that is tormenting my life that is not allowing me to serve you faithfully. Lord, have me back.

I surrender all to you now. Have your way my life. Help me Lord. I want to stay close to you. Because you've given me freedom. I don't want to go back into slavery and bondage anymore. What whatever is making me to back strike. backslide. Father Lord remove it in my life today.

Help me to draw closer to you. Jesus is the only way.

I don't want to be like those virgin. Those 10 virgin, the five the five that did not have oil. And the door was shot against them. I want to enter

do not shut the door against me Lord. I'm ready to surrender.

Father, Lord Almighty, I thank you for what you are doing in the life of your people. I thank you because you are the way

I think because the what is representing Pharaoh in their life has been dealt with. They have surrender all to you. They don't want to go back to Egypt.

They want to come in through the door. You are the door father.

We don't want to backslide anymore.

You are the way in You are the way out.

Sermon Transcript – Door to Abundant Life
